

Preschool STEM Lab

Where play and learning connect!

Tuesday & Thursdays 8:30am-12:00pm • Ages 4-5 yrs.

The Preschool STEM Lab is a program that promotes Science, Technology, Engineering, and Mathematics in a hands-on authentic, natural setting. Each week children will nurture their curiosity through hypothesizing, experimenting, and problem solving while making self-to-world connections.

Program Description

Each month children will participate in a monthly themed inquiry; discover the wonders of the Discovery Center's Galleries, enjoy a mid-morning snack, and explore during outdoor play. Lunch may be purchased from the Discovery Center's Kids Café for \$4 or brought from home. All children must be able to use the rest room independently.

Little Critters

January

Join us as we explore the extraordinary world of insects and spiders. We will learn about some fearsome predators, crafty camouflagers, and insects that defy gravity!

Treasure Hunters

February

Calling all treasure hunters! We need help deciphering maps, building boats, reading flags and more. Can you help us find the treasure?

Landform Explorers

March

Through hands on activities, experiments and labs we will discover how our Earth is shaped, and what caused it to look this way.

Mission Impossible

April

It's your mission if you choose to accept it... analyze fingerprints, decipher codes, and participate in a not so dangerous mission. This message will self-destruct in 3, 2, 1... Boom!

Feathered Friends

May

Tweet...caw...chirp! This month we will take a close look at various types of birds and uncover some truths about how they live.

Music Makers

June

Come with us on a musical adventure as we create our own instruments, learn about beats and rhythms, and belt out fun melodies!
