

Preschool STEM Lab

Where play and learning connect!

Tuesday & Thursdays 8:30am-12:00pm • Ages 4-5 yrs.

The Preschool STEM Lab is a program that promotes Science, Technology, Engineering, and Mathematics in a hands-on authentic, natural setting. Each week children will nurture their curiosity through hypothesizing, experimenting, and problem solving while making self-to-world connections.

Program Description

Each month children will participate in a monthly themed inquiry; discover the wonders of the Discovery Center's Galleries, enjoy a mid-morning snack, and explore during outdoor play. Lunch may be purchased from the Discovery Center's Kids Café for \$4 or brought from home. All children must be able to use the rest room independently.

Weather Watchers

January

Where does wind come from? Why do clouds float? What causes Thunder? Weather is all around us, even if we can't see it. Through hands-on science experiments we will answer these questions and more!

Performing Arts

February

Lights, camera, action! The stage is set, ready for your cue? Join us as we explore aspects of the Performing Arts. We will dabble in recording videos, acting out simple scenes and discover different types of dance. It'll be a performance you don't want to miss!

A Pirate's Life

March

Calling all seafarers and treasure hunters alike! We need help building boats, reading flags and deciphering maps. Can you lead the way to me treasure?

Animal Habitats

April

Oceans, deserts and forests. . . what do they all have in common? They are home to various animals, of course! This month we will take a close look at these very different habitats, discover animals that have adapted to their environment and determine why there is no better place for them to call home.

Amazing Artists

May

Calling all artists! Roll up your sleeves and get ready to explore some colorful and messy masterpieces that are inspired by the artistic styles of famous artists like Monet, Picasso and van Gogh.

Explore the Dinosaur

June

What has scaly skin and lived over 200 million years ago? Using different tools and categorizing skills, we will learn about the prehistoric world when dinosaurs ruled the Earth.
