

# Preschool STEM Lab

Where play and learning connect!

Tuesday & Thursdays 8:30am-12:00pm • Ages 4-5 yrs.

The Preschool STEM Lab is a program that promotes Science, Technology, Engineering, and Mathematics in a hands-on authentic, natural setting. Each week children will nurture their curiosity through hypothesizing, experimenting, and problem solving while making self-to-world connections.

## Program Description

Each month children will participate in a monthly themed inquiry; discover the wonders of the Discovery Center's Galleries, enjoy a mid-morning snack, and explore during outdoor play. Lunch may be purchased from the Discovery Center's Kids Café for \$4 or brought from home. All children must be able to use the rest room independently.

### Commotion in the Ocean

*July*

Dive in this month as we use early science, math and engineering skills to help us discover how water works and explore what makes our Hawaiian shores so special.

### Space Explorers

*August*

3, 2, 1, Blast Off! Let's travel to outer space and explore the great beyond. We will learn about beautiful galaxies and discover all that it holds through technology and literature.

### Things That Go

*September*

Vroom Zoom what's in the room? It's a boat, it's a train, it's a plane! Early engineering and math skills will help us understand and create things that GO!

### Music Makers

*October*

Come with us on a musical adventure as we create our own instruments, learn about beats and rhythms, and belt out fun melodies!

### Mad Science

*November*

Calling STEM Lab scientists! Put on your lab coats and take out your beakers! Join us as we explore kitchen science, chemical reactions and more!

### Festival of Lights

*December*

All around the world lights are ablaze to celebrate different winter festivals. Come take part in this rich cultural experience through music, art activities, and the telling of native tales.
