### May 29-June 1

#### Prehistoric Age

No Class Monday May 28

Calling all preschool paleontologists, can you stomp and roar like a dinosaur? Through books, games and art activities we will discover what the world was like when dinosaurs roamed the Earth.

### June 4-8

#### Preshistoric Age

Preschool paleontologists are once more hard at work, this time to investigate Early Man and prehistoric animals like the woolly mammoth and saber-toothed tiger. Join this thrilling expedition as we create cave paintings, uncover fossils and more.

### Aug. 6-10

#### Out of This World

Grab your space boots and helmet for an adventure that is out of this World! We will explore the planets in our Solar System through special projects. Then, we're off to discover how scientists and astronauts use special tools to gather and interpret information.

### Aug. 13-17

#### Out of This World

Our journey into Space continues. This week's mission is to explore Earth's moon, the stars and other galaxies. Videos and sensory rich experiments will keep preschool astronauts eager to blast off into Space again and again!
