

Preschool STEM Lab

Where play and learning connect!

Tuesday & Thursdays 8:30am-12:00pm • Ages 4-5 yrs.

The Preschool STEM Lab is a program that promotes Science, Technology, Engineering, and Mathematics in a hands-on authentic, natural setting. Each week children will nurture their curiosity through hypothesizing, experimenting, and problem solving while making self-to-world connections.

Program Description

Each month children will participate in a monthly themed inquiry; discover the wonders of the Discovery Center's Galleries, enjoy a mid-morning snack, and explore during outdoor play. Lunch may be purchased from the Discovery Center's Kids Café for \$4 or brought from home. All children must be able to use the rest room independently.

Inventors Workshop

January

Crank, pull, and slide! This month we will be learning about simple machines and how they help us do a job. We will be listening to our inner ideas to create inventions while using recycled materials to engineer them!

Fantastic You!

February

How do bones grow? Is the heart really the strongest muscle? How does food keep the body healthy? Find out the answers to these questions and more as we jump into the wonderful world of the human body!

Life Cycles

March

Life is all around us, constantly changing, always moving! This month we will be using science skills to help us better understand the various cycles of life and their effects on each other.

Keiki Botany

April

Do you know how seeds travel or why bees buzz? Join us in some hands-on adventures as we explore, observe and discover and what makes a garden grow.

Down by the Beach

May

Dive in this month as we use STEM skills to help us discover the depths of the ocean ecosystem. We will be learning about how water works and the creatures that inhabit it!

It's a Bugs Life

June

Calling all insect enthusiasts! This month we will be taking on the role of Entomologists, as we investigate interesting insects.
