

# NATURE COLOR HUNT

*What beautiful colors can you find in nature?*

## Big Idea:

Explore all the beautiful colors in nature. Discuss the colors, shapes and textures you see.

## Materials:

- Paper
- Fallen leaves, flowers, twigs
- Crayons/markers

## Directions:

1. Talk to your child about the colors of the rainbow. You can also read a story about colors.
2. Make a color chart for your found objects.
3. Explore outside and collect fallen items for each color on your chart.  
Another option is to take pictures of the items you see and print a rainbow collage.
